

Practice Dart Boards Kansas City

Many years ago we realized that no company existed that provided both their own selection of darting products and also stocked all other Major brands.

Horizon Darts is a member of the American Darts Organization, the American Machine Operators Association, a supporter of several charities (Susan Komen Breast Cancer Foundation, LiveStrong Foundation, ASPCA, IAVA, Make A Wish Foundation, Special Olympics.

Habilitat and Toys For Tots to name a few) and has sent tons of dart supplies to our troops abroad. In addition, each year Horizon conducts numerous fund raising campaigns supporting Youth Dart programs in an effort to positively assist our next generation of darters.

Flip Shot

When you can't make it to the garage or basement, practice your dart game on any flat surface with Flip Shot Dartz.

Flip Shot Dartz includes everything you need to perfect your bulls-eye. Travels with you anywhere.

Allows you to play darts on your table, counter, or desk. Includes 6 magnetic dartz, launcher, double-sided 2 target game board & instructions.

Bocce Splash

Dive right in to the new pool version of Bocce Ball-Bocce Splash! The classic land-locked game can now be taken to new depths! Remember skipping stones on the water? Bocce Splash is that easy.

Players take turns tossing the discs at the floating target. The disc closest to the center target gets one point and the player with the most points after five rounds wins! However, because the target floats around, there's an added challenge for players.
